Interstate Commission Gives Decision—Traveling Passenger Agent A. H. Moseley is advised that the Interstate Commerce commission has decided that it is illegal for any railroad to take up the return portion of a tourist ticket, the limits of which have expired, and issue to the holder therefor a ticket at nine months tour- ist rates, charging the difference between the two classes of tickets on account of the transaction. In such a case, the holder of the unused portion should be required to pay regular one-way rates for his return trip, and then make a rebate claim for the unused portion of the round trip ticket. A railroad resorting to the former method of squaring with the holder of the ticket, has no right to require connecting roads to make settlement on the original basis of divisions, but should be required to accept divisions on the regular one-way rate basis. Mr. Moseley says the ruling is one of importance, as the issues involved are of frequent occurrence at Ogden and the information will be of general use to the traveling public as well as railroad officials.

Luncheon Tendered Martha Society.—Mrs. Mary Fitzgerald tendered the ladies of the Martha society a tasty four-course luncheon at the Puffer cafe Thursday evening. Miss Celeste Conroy rendered several delightful selections on the piano and during the course of the luncheon the ladies of the society, as well as the guests of the cafe, were entertained with vocal selections by Mr. E. R. Brown, accompanied by Miss Ethel Terry, a graduate of the London Conservatory of Music. Both the latter are residents of Ireland, on a tour of the world. Their selections were highly appreciated by all who had the good fortune to hear them.

Socialist Meeting—The Socialist party of Ogden met at their headquarters last evening, the business of the evening being a discussion of the ways and means of forming a purchasing and selling society for the benefit of its members. House Burglarized—It was reported yesterday that the residence of Thomas E. Powell, 2573 Lincoln avenue, was burglarized Wednesday night. The officers investigated the affair and concluded that the house had been broken into, but what was taken from the place, if anything, could not be determined, inasmuch as the Powell family is absent from the city.

Case Continued—George Koons, convicted of vagrancy last week and suspected of having stolen a can of syrup, was formally arraigned on the charge yesterday and pleaded guilty. Officers Chambers and Burk testified that they observed Koons come into a certain saloon and hide a can of syrup under a table. They arrested him and after convicting him of vagrancy, found that the syrup belonged to the Williams Grocery Co. Mr. Williams was placed on the stand and identified the can of syrup as belonging to him, but as there was insufficient evidence to convict Koons of the actual theft, he having claimed that Buck Cummings gave it to him, the case was ordered continued for further investigation.

In Precarious Condition—Mrs. Elizabeth Stanford, wife of the late Joseph Stanford, is lying at her home in a precarious condition. It is feared by the family that the aged lady will not survive the awful ordeal through which she is passing. She was advised of her husband's death soon after it occurred and it is said she bore up bravely under the sad information. It is thought, however, that the death of her husband will have much to do with lessening her chances for recovery.

Writ of Habeas Corpus—A petition for writ of habeas corpus proceedings in behalf of Minnie Myers Black, who has been held for several days on suspicion of being a prostitute, has been filed. It is claimed by the defendant's counsel that the woman is illegally held by the police, there being no specific charge against her. As stated in a former issue, Mrs. Black was arrested as a result of complaints which came from Ashton, Idaho, where, it is alleged, there is a house of prostitution for which she was endeavoring to obtain recruits. Mrs. Black claims that it is simply a scheme to "job her," as the woman who gave the information upon which she was arrested, recently bought some property from her and has been rather backward in keeping up the payments.

FIVE FARMERS ARE CHARGED WITH MURDER

Fort Smith, Ark., Feb. 11.—Charged with murder in the first degree, five men, farmers of Scott county, were placed on trial today at Waldron, Ark. Defendants are accused of opening fire in a mob which three months ago called out John Bailey and lynched him. The murdered man had been warned to leave the county because of his refusal to hold his crop for higher prices. A gang of 60 "night riders" visited his home several nights later and called out Bailey and his housekeeper, whipped the woman severely and lynched the man.

NEW COURSE TO DRIVE OUT STANDARD OIL FROM OHIO

Columbus, Feb. 11.—The attorney general's department has determined upon a new course in its fight to drive the Standard Oil company from the state. The circuit court of Allen county, having granted the department permission to amend its petition, in the case brought to enjoin the Standard people from voting and controlling the stock of Ohio companies, alleged to be owned by the giant corporation, its petition will be changed so as to ask that these controlling companies be dissolved, and the trustees be appointed to wind up their business.

WILL INVEST MONEY IN SALT LAKE

OGDEN CAPITALISTS ARE PLANNING BIG THINGS.

David Eccles, M. S. Browning and Judge Rolapp Are to Expend \$200,000 on a City Market.

According to Salt Lake papers that city is assured of a city market. Jas. Johnson, representing Judge H. H. Rolapp, M. S. Browning and David Eccles of Ogden and D. P. Yowell, representing Salt Lake produce men who favor the scheme, appeared before the markets committee of the Salt Lake City council Thursday evening with a proposition to build a city market in the block bounded by Second and Third West and Second and Third South streets. In this connection it is proposed to move all the commission houses on Richards street and elsewhere to the city market site.

The Ogden capitalists own a strip of ground 165 feet wide, running east and west through the entire length of the block. The commission men will be housed in ten or fifteen store buildings, at least two stories high, facing north upon a street sixty-six feet wide, to be opened up through the middle of the block. Stalls for the farmers will be established in the street at the front of the commission houses.

The street will be made thoroughly sanitary and paved its entire length. It is estimated that it will give room for at least 175 teamsters. The street will be fifty by sixty feet in size, and the first story of cement and the second story of brick. They will be furnished with full glass fronts and swinging doors.

The proposition will call for an expenditure of approximately \$200,000, divided as follows: Ground, \$75,000; buildings, \$85,000; street paving, \$15,000. The Ogden capitalists promise to have the buildings completed and ready for occupancy by June 1.

Judge Rolapp, when interviewed regarding the contemplated erection of the market mentioned above, said: "Yes, we have decided to build these stores and will proceed with operations immediately. We have owned this property for three years but it has only been about three months since we began making definite plans for the project. The buildings will pay well as an investment which, of course, is what we are after. The stores will be uniform in size and will have loading platforms at the front and rear, running the entire length of the building. Space will be reserved in front of each for an office to be constructed to suit the tastes of the occupants. In the rear of each will be installed a hand elevator and toilet room. The basement will contain a row of posts across but the two floors above will have the entire space clear of supports. Everything will be fitted up in first-class shape for tenants, and I have no doubt but that the project will be a successful one from the start."

BRADSTREETS

New York, Feb. 11.—Bradstreet's this week will say:

Unsettled, stormy weather has accentuated the quick prevailing in general trade and the situation as a whole is rather irregular. The first of the spring season's buyers' excursions are, however, attracting merchants to the leading markets east and west and while conservatism characterizes dealers the feeling is still one of optimism as to the future. In the industries operations as a whole are still below the normal.

Best reports come from the textile trades, particularly cotton and woolen dress goods lines. The metal and coal trades are rather conspicuous for the dullness of demand and the continuance in the former industry of output at a reduced rate. Reports as to collections reflect the irregularities due to weather or the reduced purchasing power of the country and are still only about fair.

Business failures in the United States for the week ending February 10th were 211, against 286 last week, 326 in the like week of 1908, 204 in 1907, 208 in 1906, and 243 in 1905.

Wheat, including flour exports from the United States and Canada for the week (five days) ending February 10th aggregate 2,070,754 bushels against 1,802,976 last week, and 4,037,680 this week last year. For the thirty-three weeks ending February 10th this year, the exports are 132,924,524 bushels against 148,604,316 in the corresponding period last year. Corn exports for the week are 1,281,349 bushels against 1,106,885 last week and 1,678,071 in 1908. For the thirty-three weeks ending February 10th corn exports are 18,032,669 against 33,592,043 last year.

W. HARCOMBE FORMERLY OF OGDEN

DIES IN SALT LAKE AFTER A SHORT ILLNESS.

At One Time He Was Head of the School Board of Ogden—May Be Buried Here.

William Harcombe, formerly of Ogden, one of the best-known and most popular commercial travelers of the west, died at 10 o'clock Thursday night, at his residence, 322 Eighth East street, Salt Lake City. Mr. Harcombe suffered from liver trouble, but had been seriously ill only a short time.

He leaves a widow, two sons and one daughter. "Billy" Harcombe, as he was known to his thousands of friends, has been in close touch with western commercial circles for twenty years. Fifteen years ago he engaged in business in Ogden, later resuming his work on "the road" in the interest of various large furnishing goods houses. At one time he was president of the Board of Education of Ogden.

He was a member of the Ogden lodge of Masons, and while funeral arrangements are not yet made, it is probable that the obsequies will be conducted under the auspices of that order.

Mr. Harcombe was the president of the Salt Lake Traveling Men's Protective association.

ENGLAND HONORS LINCOLN CENTENARY

London, Feb. 11.—The Lincoln celebrations in England began at Rochdale, Lancashire, tonight. A big meeting was held in the town hall, at which John L. Griffiths, American consul at Liverpool, delivered a centenary address.

Lincoln's Gettysburg address was read, and a resolution was adopted by acclamation, recording Great Britain's reverence for his noble character.

NAVY YARD EMPLOYEES MUCH DISAPPOINTED

Washington, Feb. 11.—Disappointment will be felt among the employees at several of the navy yards throughout the country tomorrow, notably those at Portsmouth, N. H., Norfolk, Charleston, Pensacola, and San Francisco, because Secretary Newberry, while believing that the intent of congress and the president was to make the holding general issue of special orders to the commanders of the navy yards regarding the observance of Lincoln day except to those specified by congress.

SPRINGFIELD LEGISLATURE HOLD LINCOLN MEMORIAL

Springfield, Ill., Feb. 11.—Senators and representatives joined today in a Lincoln memorial meeting in the hall of representatives in commemoration of the 100th anniversary of the birth of Abraham Lincoln. The enthusiasm of the assembly was aroused by the strains of military airs, and both Yankee Doodle and Dixie were greeted with applause.

The governor, lieutenant governor and members of the supreme court were on the platform. Governor Deen said, in part:

"Tomorrow will be the 100th anniversary of the birth of Abraham Lincoln. On land and sea in the uttermost parts of the earth, men will recall his services and sacrifices for the republic. Abe Lincoln's career is the most remarkable of our age. Destiny made of him the instrument to strike the shackles from the slaves, yet he had not been trained, either for statesmanship or war. Born in poverty, denied the ordinary opportunities for education, doomed to hard toil, he broke the bars of circumstances and wrested with his evil star. Self-educated and self-mastered, it fell to his lot to bear greater burdens than has been imposed upon any man since Washington."

KING EDWARD REPORTED SLIGHTLY INDISPOSED

Berlin, Feb. 11.—King Edward is suffering today from an attack of bronchial catarrh and, according to local newspapers, he has called into consultation a German physician who ordered him to remain in his room until he was better. In spite of this, however, the king had luncheon with the officers of the Dragoon regiment, of which he is honorary colonel. It had been planned that he was to go in an automobile to Potsdam this morning to lay a wreath on the tomb of his sister, the mother of Emperor William, but this part of the program was not carried out on account of the cold weather and the high wind prevailing.

DORANDO DEFEATS SMALLWOOD.

Philadelphia, Feb. 11.—Pietro Dorando, the Marathon runner, defeated Percy Smallwood, the well known distance runner tonight in a 12-mile race at the Third regiment armory. Smallwood stopped running in the eleventh mile, saying his legs had gone back on him. The winner's time for the 12 miles was one hour, 19 minutes, 16-1/2 seconds.

Martin Leskouski Twice Convicted of murder in Mauch Chunk, Arrested

Butte, Mont., Feb. 11.—John Belker, alias John Belcher, today admitted to newspaper men that he was Martin Leskouski, wanted at Mauch Chunk, Pa., for the murder of his mistress and her baby four years ago, but he strenuously denied that he committed the deed. Leskouski escaped from the jail at Mauch Chunk after his conviction of murder in the first degree and while awaiting the sentence of death. He says he had been twice convicted of murder in the first degree and his lawyers were confident of securing another trial for him, but one day when the sheriff was absent, he rang the cell bell and when the sheriff's wife appeared, he grabbed the keys and made his escape. Belker had bought a home here for himself and wife and was working in the mines when arrested.

SUIT FOR CONTROL OF MOFFAT ROAD

Denver, Colo., Feb. 11.—The Times today says:

A fight for the control of the Moffat road, now being constructed between Denver and Salt Lake, has been revealed by a suit brought in New York by Reginald Valle, representative of an English syndicate, to force the company to sell a half interest in the Colorado-Utah Construction company to the syndicate for \$1,700,000. The suit will come up in the United States district court in New York, April 5. The English syndicate claims to have an option on the stock and that the Moffat interests now decline to allow them to exercise it. Mr. Moffat's representatives deny this. The road has long been a bone of contention between the Moffat interests and others who have fought to prevent its construction, principal among these being E. H. Harriman. It is possible that the suit will be compromised, provided that the identity of the interests who seek to buy a half interest in the construction company is made known to Mr. Moffat.

TRAIN TRAFFIC RESUMED AFTER SEVERE STORM

Norfolk, Neb., Feb. 11.—Train traffic has been resumed on all lines in northern Nebraska, southern South Dakota and Wyoming, excepting on the Chicago, St. Paul, Minneapolis & Omaha line between Norfolk and Sioux City. After two days and nights of plowing two engines from Norfolk reached Hoskins, ten miles northeast of here, where the line was made to plough was smashed to pieces and both engines derailed by encountering a stiff drift. As there are many more deep drifts on the line, it is not expected that the traffic can be resumed for several days.

ATTEMPT TO DRAW THE COLOR LINE A FAILURE

London, Feb. 11.—An attempt to draw the color line, creating a new departure in this country, met with signal failure today at Birmingham, where an effort was made to exclude a negro student of the university from the local skating rink. The incident aroused a heated controversy. The students took up the negro's cause and hired a lawyer to oppose the renewal of the rink's license. The management of the rink apologized to court today and promised not to make any race distinction in the future.

We Back Up Our Statements With Our Personal Reputation and Money.

We are so positive that we can cure constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail. It is worse than useless to attempt to cure constipation with cathartic drugs. Laxative or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and besides, their use becomes a habit that is dangerous and often fatal.

Constipation is caused by weakness of the nerves and muscles of the large intestine or descending colon. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity.

The discovery of the active principle of our remedy evolved the labor of the world's greatest research chemists. It possesses all the best qualities of the remedial active principle of the best known intestinal tonics and it is particularly prompt in its results.

150 NEGROES ARRESTED IN BROWNSVILLE, PA.

Pittsburg, Feb. 11.—In a raid early today, the police of Brownsville, Pa., arrested 150 negroes, who have been looting about the coke ovens.

All were discharged at a hearing later and ordered to leave town, except six, who are being held pending an investigation of their records in Pittsburg and elsewhere.

According to the Brownsville authorities, most of the negroes are from Pittsburg, and left here when the police made wholesale arrests of negroes on account of the many assaults against white women.

RAILROAD EMPLOYEES ARE TO FIGHT TWO-CENT FARE LAW

Austin, Texas, Feb. 11.—The management of all railroads entering Texas and the Railway Men's unions today agreed on all pending legislation before the legislature. The employees will fight the two-cent fare law, and the railroads agree to a law promoting their employees according to length of service. It is understood that all railroad lines will immediately commence improvements and the construction of additional lines involving an expenditure of \$10,000,000.

It has been said that there are no bald-headed men in the asylums for the insane. We suspect this is true; at least, save for rare and unimportant exceptions. This is an important thing for the anti-baldheads to speculate upon; it may well furnish them food for serious and earnest thought.

NASAL CATARRH

S. W. Badcon Sells the Great Remedy That Cured Mrs. Karberg.

Here is a very simple yet wholly sincere statement of a Michigan woman, who was cured by using Hyomei—the cure no cure no remedy for catarrh, asthma, hay fever, croup, coughs and colds.

"A bad case of catarrh was cured for me by the use of Hyomei. The trouble affected my head, nose and eyes, and was very annoying and disagreeable, and the cure, from the use of Hyomei, was very gratifying. Hyomei has from me a strong recommendation and endorsement."—Mrs. E. Karberg, 213 Kingsley St., Ann Arbor, Mich., Nov. 16, 1908.

Thousands of just such letters are in existence, and thousands more would be but for the desire to avoid publicity.

If you have catarrh, bestir yourself, and drive it out of your system. Kill the germs. You can do that easily if you use Hyomei (pronounced High-o-me).

It is a dry, antiseptic and very pleasant air that, when inhaled, quickly relieves all forms of catarrhal inflammation, stops sniffling, hawking and blowing. The price for a complete outfit, including inhaler, is only \$1.00, at S. W. Badcon.
